## PROFESSIONAL EXPERIENCE

### Full-Stack Developer, Agprop Pvt. Ltd.

Nov 15, 2022 - 30 April, 2024

- Contributed to the development and maintenance of SaaS real estate management solutions for Agprop, utilizing the **MERN** (MongoDB, Express.js, React.js, Node.js) stack and also MySQL database.
- Played a key role in backend development for the internal SaaS tool "**Propvision**", utilizing **Node.js**, **Express.js**, **Sequelize** and **MySQL** to streamline brand and broker management processes.
- Developed features for SaaS projects "**Prop Magnet**" and "**Broker Network**".
- In "**Prop Magnet**," developed functionalities for **brands** to effortlessly list and manage their requirements, and receive **property recommendations** tailored to their specifications.
- In "**Broker Network**," developed functionalities for **brokers** to easily list and manage their properties.
- Worked with **React.js** on the **front-end** to create interactive and user-friendly interfaces..
